SUBJECT: IRM-Security Awareness and Privacy Basics Training for FY 2008

TO: All NRCS Employees and Partners

File Code: 270

This memo is to clarify the deadline for completing the Security Awareness and Privacy Basics - Training per National Bulletin NB 270-8-3 IRM Fiscal Year 2008 Computer Security Awareness Training and Privacy Basics Courses.

The deadline for completing these courses has changed from December 31, 2007, to March 31, 2008. The due date was corrected in the Subject line of the bulletin (March 31, 2008), but there was an error in the body of the notice that still stated a December 31, 2007, deadline. We have been assured that the March date is the correct deadline date.

Currently in AgLearn the due date still shows December 31, 2007. We have been informed the due date in AgLearn may or may not be corrected to reflect the March 31, 2007 date.

We will inform you of any additional information concerning this training as received.

If you have any questions, please contact Gary Maners at 317-290-3200, ext. 352.
